### SUMMARY

---

I'm a passionate **Software Engineer** with a focus on **solving problems** and delivering **impactful results**. While I currently specialize in **web and app development (MERN & React Native)**, I'm highly **adaptable** and **quick to learn** any technology where I'll get to learn something new. I'm ready to work in **collaborative environments**, where being part of a great team allows me to contribute meaningfully while growing both personally and professionally. I also write **articles** in my free time on **tech** and non-tech topics as well.
